STRATHDON INVESTMENTS PLC

("Strathdon" or the "Company")

Termination of Fund Management Agreement

As part of the ongoing commitment to keep overall costs under review, Strathdon and its fund manager, YFM Venture Finance Limited ("YFM"), have agreed to terminate with immediate effect the investment management agreement between them. Strathdon has taken in-house the services provided by YFM under that agreement namely management, administration and secretarial services but YFM will continue to provide accounting services to the Company until 30 November when they will also be taken in-house.

Simon Hunt, Chairman of Strathdon Investments PLC, commented: "I would like to thank YFM for their efforts and support over what has been a difficult period of rationalisation for the Company and for their significant contribution in stabilising the portfolio and achieving realisations where possible."
